EXPLORA

Colombia Oil and Gas Prospects and Business Expo

Colombia's only premier marketplace for the upstream oil and gas industry

What is EXPLORA Expo?

EXPLORA - Colombia Oil and Gas Prospects and Business Expo is the only exhibition of oil and gas exploration and production projects in Colombia and Latin America that seeks to establish strategic alliances between operating companies and potential partners and investors for the purchase, sale and negotiation of exploratory prospects, production assets, M&A and other opportunities in the upstream sector in the region.

***EXPLORA Expo** is the only exhibition of oil and gas exploration and production projects in Colombia and Latin America aimed at public and private, national and international Exploration and Production companies to promote exploratory prospects, oil and gas fields in production and other businesses in the upstream sector, in order to facilitate possible partnerships with other companies and investors in the sector.*

***EXPLORA Expo** creates a meeting point to bring together key industry players such as exploration and production, and business development vice presidents and managers, and other decision makers, stakeholders and business leaders to help mature and give value to new exploration and production projects and increase oil and gas production and reserves in Colombia and Latin America.*

- A two-day business event to evaluate new agreements and businesses.
- A one-stop shop to publicize oil and gas exploration prospects in Colombia and Latin America.
- An event exclusively focused on prospecting, new business and cooperation agreements for the oil and gas sector - with the presence of products and services providers, investors and all the decision makers necessary to close a deal.
- Meeting place for major private and national oil and gas companies, independents, government agencies, as well as many major investment banks, financial institutions, law firms and advisors.
- A unique and unparalleled opportunity to generate new business opportunities with a main focus on agreements, transactions, transfer of rights and exploratory prospects.
- The technical program will include an overview of Colombia's E&P sector, the regulatory framework and investment opportunities.

"EXPLORA Expo offers a unique opportunity to learn about and access new investment opportunities in the Colombian E&P sector."

PARTICIPATE AND BECOME AN EXHIBITOR

EXPLORA Expo 2024 will include:

- Stands area for E&P operating companies
- Theater for presentations of exploratory prospects and other business opportunities in the upstream sector
- Business Room
- Stands area for companies providing products and services
- Job Fair
- Networking Events

EXHIBITORS

EXPLORA Expo 2024 will offer a permanent stands space for operating companies and a theater with capacity for 100 people where E&P operating companies will be able to make presentations of their business opportunities for 20 minutes for interested companies and investors. This event offers the opportunity for companies in the upstream sector and investors to learn about all the new mature investment opportunities available in Colombia, while simultaneously offering exhibitors the opportunity to present their prospects to a large audience and drive traffic to their respective stands at no additional cost.

EXPLORA Expo 2024 will offer a commercial exhibition space where companies interested in offering their products and services can acquire a stand space. Service companies, investors and operating companies are welcome to sponsor this event that will bring together the most important executives and professionals of the Colombian E&P sector.
