In partnership with the Canadian Trade Commissioner Service and the Canada Eurasia Russia Business Association (CERBA), Alberta Economic Development and Trade (EDT) invites you to participate in the 2019 Alberta Energy Mission to Central Asia from May 12-18, 2019. 23rd International Uzbekistan Oil and Gas Conference (OGU)

Held from May 15-17, 2019 in Tashkent, Uzbekistan, OGU is the premier oil and gas trade event in Uzbekistan, which brings together over 200 exhibitors from 25 countries seeking to meet and do business. It's the place where senior level decision-makers converge to discuss key issues, such as development in the sector, modernisation of facilities and regional energy security. OGU is the best attended event in Uzbekistan's oil and gas sector, taking place with official support from the Cabinet of Ministers of the Republic of Uzbekistan and Uzbekneftegaz.

Mission Objectives

- Explore global business opportunities, with a special focus on Eurasia
- Increase the visibility of your company and its products and services
- Scout competing products and services

- Receive valuable market intelligence on the global and Central Asia energy sector
- Develop key contacts with global industry players, potential buyers, researchers, government officials, associations and other stakeholders.

The non-refundable registration fee to exhibit at OGU in the Canadian Pavilion and to participate in the Kazakhstan program is \$1,000. The pavilion requires a minimum of 10 Alberta companies exhibiting to proceed. Exhibition space is subject to availability and will be assigned by EDT on a first-come, first-served basis.

EDT reserves the right to cancel participation at the above mentioned show given insufficient industry uptake. Mission participants will also be responsible for all travel costs, accommodation and meals.
